RUPSA ROY CHOWDHURY

ABOUT ME

I **am a passionate and dedicated BCA (Bachelor of Computer Applications) student at JIS University, with a strong interest in web development and other frontend developing etc. With hands-on experience in HTML, CSS, JavaScript, and Python,c, basic java. I enjoy building responsive, user-friendly websites and learning about new technologies. I am currently seeking opportunities to apply my technical skills and creativity in real-world projects. My goal is to grow as a junior software developer while contributing to innovative and impactful digital solutions. I am eager to learn, adapt, and continuously improve in the ever-evolving tech industry.**
